Rheumatoid arthritis (RA) is a long-term autoimmune disorder that primarily affects joints. It typically results in warm, swollen, and painful joints.

Pain and stiffness often worsen following rest. Most commonly, the wrist and hands are involved, with the same joints typically involved on both sides of the body. The disease may also affect ...

Rheumatoid arthritis - Wikipedia - New Zealand was the last major landmass to be settled by people. This, combined with its late European colonisation, geological youth and geographical isolation, has led to the development of a young, vigorous nation with a well-travelled and well-educated population.
